

wozfest ²⁰²¹ apple II/II+ test sheet

mobo revision: revo

Rev. product codes:
820-0001-00

Case Serial Number: _____

PSU Serial Number: _____

Keyboard Type: _____

Notes: _____

Test Sessions:

#	Date	Up to
eg	06/05/21	A-2
1.	/ /	
2.	/ /	
3.	/ /	
4.	/ /	
5.	/ /	
6.	/ /	
7.	/ /	
8.	/ /	

Suggested usage:

Highlight motherboard product code above. Test from A1 to J14, using green highlighter to show good components & red pen to show bad. Re-mark bad components with green highlighter when fixed. Record other board/system details as needed. Pad statuses can be shown using black (soldered) and red (cut) pens. Row C (first bank) must be populated with working RAM to boot.

Notes:

A series of 22 horizontal lines for taking notes, each line spanning the width of the page.
